Georgia
Language Tutor & Interpreter

Language training for your team

Online Business English, workplace Swedish and Turkish for your team, with level tests at the start and end, monthly progress reports and lessons that fit around work.

Master's in the UK · Bachelor's in Sweden
Professional interpreter for international companies & conferences
Explained in English, Turkish, Swedish or Arabic
Native Turkish speaker · 6 years in Sweden

What we can train

Business English for teams

Meetings, emails, presentations and negotiations, practised with your team's real situations.

Workplace Swedish (omsorgssvenska)

Swedish for staff in care, healthcare and service jobs: talking with patients and customers, documentation and safety, explained in Arabic or Turkish when needed.

Turkish for international staff

Turkish for expats and international employees in Türkiye: daily life, the office and dealing with clients.

How the pilot works

1. **Short call**
   We agree on goals, who joins and the times that suit your team.
2. **Level test**
   Each employee gets a level and a personal plan.
3. **4 weeks of lessons**
   Online on Google Meet, at times that fit around work.
4. **Report for HR**
   Attendance, progress and a clear recommendation for the next step.

Sweden: Swedish in elder care: Since 1 July 2026, elder-care providers in Sweden must work to make sure staff have the Swedish their job requires. Government funding (Äldreomsorgslyftet) may cover training in some cases, so check the details with Socialstyrelsen.

Pricing: Every team is different, so you get a written proposal based on the number of employees, the format and the number of lessons. 1-on-1 lessons start from $30 per lesson.
